

Working Together to Safeguard Children – 1 Day

Introduction

This course will build on the knowledge and information gained from the initial, single agency Introduction to Safeguarding training. It will encourage respect, co-operation and the sharing of common issues across professional boundaries

Who is the training for?

Managers and staff from all agencies who **work regularly** with children – **Group 3**

Attendance Criteria

Introduction to Safeguarding

Aims

To further develop an understanding and awareness of the roles and responsibilities in the safeguarding process and thus improve co-operative working between professionals

Learning Objectives

By the end of the course participants will be able to:

- Build upon their current level of knowledge and understanding
- Understand the different thresholds and interventions available to practitioners within the safeguarding arena
- Understand what Section 17 and Section 47 investigations are
- Recognise the roles and responsibilities of their own agency and of other agencies in the safeguarding process and have explored ways of overcoming any barriers to co-operative working
- Understand the local and national legal and policy framework within which all practitioners are expected to operate
